

Security Measures

Environmental Intelligence (EI) maintains physical, electronic and procedural safeguards to guard and hold confidential all information and data on the Environmental Portal and all exchanges of information via our web pages that are considered private or confidential. EI uses various authentication technologies, including User Names, Passwords and E-mail addresses to authenticate users to some portions of our website that may allow access to confidential information or the entering of new data. All operational and data processing systems are contained in a secure environment and that environment is absolutely access-controlled to protect our systems and your information from unauthorized intrusion. The following Non-Disclosure Agreement provides protection, confidentiality and integrity of confidential information and all data protected by existing non-disclosure agreements.

Non Disclosure Agreement

Use of the Environmental Portal is absolutely restricted to persons with a registered User Name and Password obtained only from and by permission of EI.

Users of the Environmental Portal agree to the following terms and conditions:

By Logging onto the Environmental Portal system as a "USER", the USER acknowledges and agrees to the following terms and conditions:

WHEREAS the USER acknowledges that the Environmental Portal contains information ideas, data, resources, and images relating to its business practices and documentation that is confidential and proprietary to EI and its clients (hereinafter "Confidential Information"); and

WHEREAS the USER is willing to agree and accept that this Statement describes the terms of Environmental Portal Access and Usage;

NOW THEREFORE, in consideration for the mutual undertakings of Environmental Portal and the USER under this Agreement, the USER agrees as follows:

1. Disclosure.

EI agrees to provide data and information as collected through the Environmental Portal, and USER agrees to receive and treat the information as Confidential.

2. Confidentiality.

2.1 USER agrees not to use the Environmental Portal Information without express permission of EI, or to manufacture or test any product embodying Confidential Information, except for the purpose set forth above.

2.2 No Disclosure. USER agrees to use its best efforts to prevent and protect all information on the Environmental Portal as Confidential Information, and will prevent from disclosure to any person other than Users' employees having a need for disclosure in connection with USERS authorized use of the Environmental Portal.

2.3 Protection of Secrecy. USER agrees to take all steps reasonably necessary to protect the secrecy of the Environmental Portal User Name and Password, and to prevent the Portal Information from falling into the public domain or into the possession of unauthorized persons.

3. Term and Termination.

The obligations of this Agreement shall be continuing until the Confidential Information disclosed to USER is no longer confidential.
